The Fortima is a magnetic child-safe gate latch that ensures safety, security and ease of entrance for single leaf gates. Fortima's patented internal leverage allows for smooth opening and, with its unmatched magnetic force, closes securely. The anodized aluminium and powder coated components make the Fortima as attractive as it is functional. Installation is easy on a wide range of gate materials and being compatible with most international code requirements, the Fortima can be rekeyed to match any existing lock.
